

# West Jefferson Training and Education

*Designed to Meet Your Needs*

Training and continuing education play an important role in excellent patient care and superior customer service. Dr. Brian Bourgeois of West Jefferson Industrial Medicine (WJIM) is a leading provider of Occupational Medicine in the oil & gas, onshore / offshore construction, and industrial industries. Our education programs help personnel develop and maintain the skills they need to provide a safer work environment by providing superior patient care and developing strong clinical skills your workforce "Patient Care Providers or Safety Personnel" need.

You will benefit from our depth of educational resources, all focused on meeting the needs of your company or operation. Your staff members and caregivers will have the opportunity to seek training and continuing education for both your safety and medical personnel.

WJIM medical training includes:

- Medical Care Provider (MCP) formerly MFAP (STCW-95 USCG)
- Medical Care Person In Charge (MPIC) formerly MPIC (STCW-95 USCG)
